1) Become Part of the Solution

2) Consistent Funding at \$6.5B

“I don’t want, as a member of the Energy and water Appropriations Subcommittee, accelerated cleanup to move to decelerated cleanup. And I have great concerns that this is the direction we are heading in because of the priorities in the budget request.”

Rep. Zach Wamp (R-Tenn.)

Feb. 14

3) Show Some Near-Term Gains

4) Restore Credibility

“The Committee is less and less confident in the ability of the Department to manage these cleanup projects and be financially accountable.”

FY09 Energy & Water Appropriations
House Committee Report

“We’ve taken extreme pains and effort to scrub the entire portfolio of projects ... to ensure we have realistic cost and schedule ranges for every one of them.”

Assistant Secretary James Rispoli

5) Become a Better Customer
